

### Scholarship Application for Teacher Workshops

Six scholarships for teachers from the following districts are available for any workshop. These districts are: Elk Grove Unified, Natomas Unified, Sacramento City Unified, Folsom/Cordova Unified, Washington Unified, and Woodland Unified. These scholarships are made possible through the generosity of GenCorp Foundation. Only one teacher per district can qualify. Fill out the scholarship application form and your choice of workshop. In the event that the registered teacher cannot make it, scholarships are transferable to teachers from the same district. These scholarships are available on a first come, first served basis. Please allow 1 week processing time, after which we will notify you if your application has been accepted.

Name	Grade
School Name	County
School Address	
School Phone/fax	Home Phone
Email address (required)	School District
